Are YOU Ready?

Test your Preparedness level below!

My home is located OUTSIDE of an evacuation zone. (AGREE) 1. (See map on page 2 for zip codes in evacuation zones) Do you or anyone in your home have any of the 2. NO following healthcare needs? Home oxygen or Nebulizer treatments a. Ventilator or C-Pap Hemodialysis C. Diabetes (taking insulin) d. Bed confined or wheelchair bound e. 3. If yes to any of the above, do you plan to evacuate before the mandatory order is given? If you take prescription medication, do you have a 4. 7 day supply on hand at all times? 5. Do you have transportation AND a safe destination if you need to evacuate?

6. If my home loses power after a hurricane, I would NOT call 911 or go to my nearest hospital.

AGREE DISAGREE KN

7. Do you know who to contact for help evacuating or for your healthcare needs?

YES

If any of your answers fell in the RED hurricane symbol, you are NOT PREPARED!

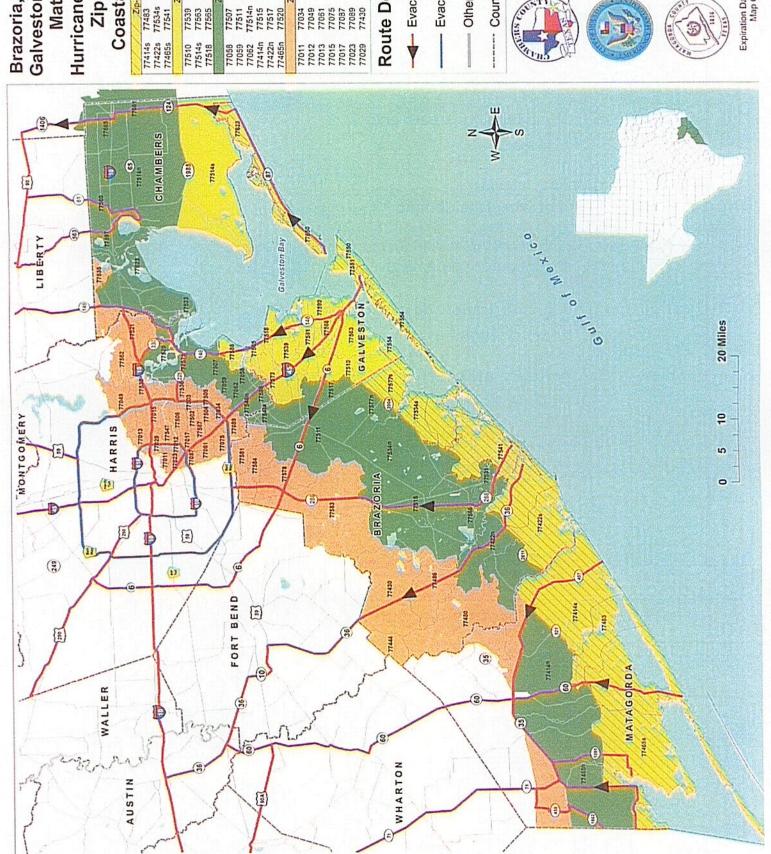

Please register your information with 2-1-1 and begin making a PLAN!

Listed on the reverse side of this pamphlet are organizations that would like to assist you with evacuation needs, healthcare needs, questions about planning for hurricanes, and other resource needs during hurricane season

HURRICANE SEASON 2009

IF YOU HAVE YOUR OWN TRANSPORTATION

EVACUATION PLANS

IF YOU THINK YOU NEED TO EVACUATE, LEAVE AS EARLY AS POSSIBLE.

HOW DO I KNOW WHEN TO EVACUATE?

Mandatory evacuation orders will come from your local officials. Evacuations will be based on zip codes. Please be prepared to leave immediately.

SHOULD I EVACUATE?

Local officials will make mandatory evacuation decisions before a storm makes landfall. Hurricanes are extremely unpredictable and can become much more dangerous in a matter of hours. It is NOT safe to wait. Plan to LEAVE EARLY.

WHERE SHOULD I GO?

You may evacuate to any city you choose. Contact your local county Office of Emergency Management (see back cover for phone numbers) if you are unsure where to evacuate to. If you do not have hotel reservations or family you can stay with, you may evacuate to the public shelters. Public shelters cannot provide nursing care, assist with medications, or provide adequate care for the medically fragile.

WHAT ROUTE SHOULD I TAKE?

There are no mandatory routes you must take when evacuating from your city. In fact there are several different routes you may take. When weather is good, take your family on an outing to check routes and become familiar with roadways.

The State has designated evacuation routes: SH-36, SH-288, SH-6, I-45, SH-290, HWY-59. If you choose to take an alternate route, essential services such as food, fuel, etc. are not guaranteed.

Please understand that depending on the strength of the storm. Contra-flow lanes might be open on SH-45, I-10, and SH-290 thirty-six (36) hours prior to the arrival of gale force winds. Plan your evacuation routes carefully, (having more than one route planned) realizing that contra-flow lanes have priority over all other routes.

WHEN EVACUATING YOU SHOULD:

- Coordinate your departure with the people who will be traveling with you. Notify an out-ofarea person of your evacuation plans.
- · Make arrangements for your pets.
- Pack your disaster supplies kit into your vehicle.
- Secure your home.
- · Double check your evacuation route and leave.

I DON'T WANT TO EVACUATE!

Should you choose to stay, please remember that 2-1-1 registration for assistance will be CLOSED and UNAVAILABLE when the hurricane is 24 hours out from hitting the coast line. There will be NO SERVICES available to you (sewer, water, etc.). Hospitals will close, ambulances will not run, and police and fire cannot respond until the storm passes.

WHEN SHOULD I RETURN?

- Just because you hear from a friend or neighbor that their house is OK, does not mean it is safe for you to return.
- Local emergency managers will utilize: (1) local media (2) Connect CTY, and (3) websites to notify residents when it's safe to return. If you do not have access to any of the above resources, contact your city's emergency management coordinator's office before returning.
- Do not venture onto roads until you have been advised that they are passable and safe.

IT IS NOT SAFE TO WAIT!

FAMILY DISASTER CHECKLIST_____

TOOLS AND SUPPLIES:

☐ Whistle

☐ Crowbar ☐ Compass

☐ Aluminum foil

SSENTIALS:	☐ Paper, pencil	☐ Copy of passport, social
